## 4.1.2 Table C2: Monthly Budget Statement - Financial Performance (standard classification)

This table reflects the operating budget (Financial Performance) in the standard classifications which are the Government Finance Statistics Functions and Subfunctions. These are used by National Treasury to assist the compilation of national and international accounts for comparison purposes, regardless of the unique organisational structures used by the different institutions.

The main functions are Governance and Administration; Community and Public Safety; Economic and Environmental Services; and Trading services. It is for this reason that Financial Performance is reported in standard classification, Table C2, and by municipal vote. Table C3.
